(xi) Towing - Towing will only be provided for Genesis vehicles weighing less than 2,500kg at the time of breakdown. Where the vehicles exceed this limitation and/or where specialist towing equipment is required, towing will be arranged at the driver's expense. We may alter and/or offer alternative support where a natural disaster (such as a flood, storm or fire) or an industrial dispute places extraordinary demands on the provision of service. Where a disabled vehicle cannot be reached, for example due to a natural disaster or an industrial dispute, the Genesis Premium Roadside Assist Plan Provider will attempt to provide whatever alternative support is practicable under the circumstances, but such support will be at the discretion of the Genesis Premium Roadside Assist Plan Provider.

(xviii) Collision/accident - Where your vehicle is damaged as a result of a collision or impact with any object, whether caused by mechanical failure or for any other reason including fire, or for any other incident generally covered by motor vehicle insurance, towing will not be provided. However, towing assistance can be arranged at the driver's expense.

The owner or the driver must wait with the vehicle while the Genesis Premium Roadside Assist Plan Provider examines the car. Where the owner has elected an authorised representative, this representative must hold a current motor vehicle driver's license in case the vehicle needs to be moved. (xxii) Cargo - We will accept no responsibility under any circumstances for the security and/or any loss associated with a disabled vehicle's cargo which may result from delays in providing Premium Roadside Assist Plan, towing or other reasons.

(xxiii) Modified vehicle - If your vehicle has body modifications, it may not be possible to get it onto a standard recovery vehicle. Any evidence of this may affect the warranty and the ability to provide roadside assist.

(xxiv) Neglect and/or abuse - We will not be responsible for additional or increased costs and expenses as a result of the following:

- Where additional costs are incurred resulting from product abuse or neglect by the owner/driver. These costs will be the responsibility of the driver;
- Repeated incidents of a similar nature in which it can be reasonably determined that the frequency and/or type of incident is as a result of the owner/driver negligence, whereupon we will be able to suspend the roadside service of that owner/driver.

(xxv) Repair costs - Premium Roadside Assist Plan does not cover costs in relation to parts or any other associated costs for the repair of the vehicle, other than minor breakdown repairs to facilitate the immediate mobilisation of the vehicle.

(xxvi) Taxi - a one way taxi journey (up to the value of \$200 incl GST) from the incident site will be offered to the driver and passengers of a vehicle which cannot be made mobile at roadside and where the vehicle has been cleared for towing by the Genesis Premium Roadside Assist Plan Provider. Any additional fares and subsequent taxi trips will be at the expense of the driver.

(xxvii) Vehicles which are used as rental cars and taxis - vehicles used as rental cars and taxis are excluded from Premium Roadside Assist Plan services. Services may be offered to a vehicle used as a rental car and taxi at the driver's expense.
