SCULPTED BY INTENT

Finesse finds form in the muscular presence and minimalist details of the Electrified G80. Its wide stance and sculpted silhouette are equal parts athletic and evocative, complemented by statement features such as the unique, electric-exclusive 'Crest' grille to establish this as the most design-driven BEV in its class.

ROOM TO BREATHE

Rewardingly tactile and indulgently uncluttered, the cabin of the Genesis Electrified G80 takes inspiration from the centuries-old Korean concept of 'Beauty of White Space'. Combining intuitive technology and understated flair, it embodies a truly Genesis understanding of contemporary luxury: the gift of space.
