

2022 GENESIS GV70

LUXURY NEVER STANDS STILL. NEITHER DO WE.

When we launched a new luxury automotive brand called Genesis five years ago, we knew our success would result from an unflinching focus on three things.

The first is exceptional quality. From the start, everything we've done has been about building your Genesis to the highest standards. Over our first four years, J.D. Power ranked Genesis as the Best Premium Brand in Initial Quality in the U.S.¹

The second is constant innovation. From a comprehensive suite of driver-assist safety features to our connected car apps and state-of-the-science audio and navigation systems, technologies introduced by Genesis are redefining the luxury car ownership experience.

Our third focus? Dynamic, distinctly Genesis design. With its forceful expression of our Athletic Elegance visual language, the all-new GV70 kick-starts the next evolutionary phase of the luxury SUV.

INTRODUCING THE 2022 GENESIS GV70.

Wherever you look, the GV70 reveals an attention to detail that defines Genesis Design. If form follows function, you can expect your GV70 to perform beautifully from the moment you touch the handle of the driver's door.

Non-U.S. model with optional features shown

Non-U.S. model with optional features shown

Non-U.S. model with optional features shown

A SHAPE THAT SHAPES PERCEPTIONS.

The common elements of Genesis Design are uncommonly bold: A large pentagonal Crest Grille. Quad LED Headlights and Taillights. And distinctively athletic body lines. With a low, wide coupe-like profile, the GV70 conveys the essence of its performance character. This is a dynamic SUV – a fact evident to the eye before you ever hear the sound

of its engine. Or sense the quick, confident response of its steering and brakes. Open the door, and the GV70's premium soft-touch materials and available backlit trims impart a sense of serious performance wrapped in spacious comfort. It's a level of luxury so rewarding, the Genesis GV70 was named MotorTrend's 2022 SUV of the Year.®

YOUR RIGHT FOOT HAS A NEW FRIEND.

Press your right foot down on the accelerator pedal of the GV70 2.5T AWD and feel what comes next: The thrust of turbocharged power. The GV70's 300 horsepower is the highest among key competitors in the segment.² And its torque is an equally impressive 311 lb-ft.³

To make sure all of that power gets put to good use, the GV70 comes standard with All Wheel Drive. Launch Control is also standard, part of an 8-speed Shift-by-Wire Automatic Transmission that selects the ideal shift points based on a variety of inputs – like which of the GV70's drive modes you've chosen. From Comfort or Eco to Sport, Sport+ or Custom, you can select the drive mode you want...and the transmission will adjust its shifts to suit.

Of course, the most direct result of all this will probably be a huge grin on your face.

IMAGINE A MACHINE THAT TREATS YOU LIKE YOU'RE HUMAN.

Genesis designers didn't think of the GV70 2.5T AWD as a machine or an integrated system of digital technologies. They imagined it as a place for human contact.

In the new GV70, that contact includes the world's first in-vehicle Fingerprint Reader. With it, you can start the engine without a key, load personal vehicle presets and more. Settle into the 12-way Power Driver Seat, and you'll instantly feel how other advanced features – like a multimedia controller that reads finger swipe and scribe gestures – create a bond between you and your GV70.

You can also talk to your GV70. It's enabled with Dynamic Voice Recognition, which responds to questions or voice commands spoken in normal, conversational tones. Announce that you want to go home, and driving directions are promptly displayed on the Premium Navigation System's class-leading 14.5" HD Screen.²

Ask your GV70 to turn on the air conditioning, change a SiriusXM channel⁵ or check on Apple's stock price, and it responds faster than you can say, "Did the Dodgers win today?"⁶

PAVE YOUR OWN WAY.

Genesis comes from an entirely new place. Free from decades-old legacy constraints, we're pursuing uncharted destinations in the landscape of automotive luxury. In the new GV70, that includes a level of performance that's exceptionally rewarding.

Non-U.S. model with optional features shown

HERE, PERFORMANCE IS ALWAYS IN THE DRIVER'S SEAT.

With the new Genesis GV70 3.5T AWD Sport, there's no question who's in charge. You are, compliments of a 3.5L Twin-Turbo V6. The numbers look like this on paper: 375 horsepower and 391 lb-ft of torque.³

But nobody drives on paper, right? Which is why your GV70 is engineered to tackle all kinds of surfaces, from rain-slicked city streets and snow-covered mountain roads to off-pavement treks over gravel, mud and sand. To preserve a smooth ride, the 3.5T AWD Sport's Electronically Controlled Suspension with Road Preview scans the road ahead and micro-adjusts the suspension when potholes or speed bumps are detected in Sport mode.

Enhanced traction features on the 3.5T AWD Sport Prestige model include 21" Sport Alloy Wheels. More than just a stunning design, their large size enables your GV70 to get a bigger, better grip on the pavement. An Electronic Limited Slip Differential optimizes grip by distributing power between the left and right rear wheels according to the driving conditions. Stability in corners is also enhanced by distributing the appropriate level of power to the inner and outer wheels to prevent slippage.

Non-U.S. model with optional features shown

CRAFTED TO THE HIGHEST STANDARDS: YOURS.

You and you alone know how high your standards are. As you sit inside the 3.5T AWD Sport, consider this: Does it meet your expectations for refined design, modern finishes and meticulous craftsmanship?

Settle into the front seats and consider the kind of insert surface pattern you prefer: Leather with Mesh? Nappa Leather with Suede? Or Nappa Leather with Quilting? Each features a distinctive interior trim crafted from materials such as aluminum or carbon fiber. There's even a Layered Edge Backlit Trim that syncs with the GV70 AWD Sport's Adjustable Interior Ambient Lighting.

The 3.5T AWD Sport's Integrated Memory System includes Smart Posture Assist technology that recommends and sets the most ergonomic seating position for the driver. The Leather Wrapped Steering Wheel and Heated Outside Mirrors are adjusted automatically to the driver's profile as well.

HOLDS PRECIOUS CARGO. AND EVERYONE'S ATTENTION.

Even with all of its robust performance and refined luxuries, the GV70 is built for utility. There's plenty of space inside for a full complement of passengers – as well as the gear everyone loves to bring along.

Access to the rear cargo area is effortless. If your arms are full carrying items to your GV70, a Hands-free Smart Liftgate with Auto Open recognizes your Smart Key and opens automatically.⁷

Once inside, configuring the 60/40 2nd Row Folding Seats to make the most of your GV70's roomy interior is easy, too. And with a towing capacity of up to 3,500 pounds,⁴ the new GV70 is more than ready to do all of your heavy lifting.

Non-U.S. model with optional features shown

IT'S A TIME MACHINE.

With its remarkable combination of performance and versatility, the new GV70 can transport you effortlessly to exactly where you want to be. So you can enjoy the most valuable thing you possess: Your time.

THE HIGHWAY OF LIFE JUST GOT EASIER.

The essence of modern luxury involves elegant solutions for simplifying your life. One example: The GV70's Highway Driving Assist. It helps maintain your cruising speed and distance from the vehicle ahead while keeping you centered in your lane, even through a curve.⁸

Non-U.S. model with optional features shown

01

02

03

01 NAVIGATION-BASED SMART CRUISE CONTROL

Beyond automatically adjusting your speed when slower traffic is present, the GV70's Smart Cruise Control can be set to adjust automatically to changes in posted speed limits. An available Auto Curve Slowdown feature also reduces your speed automatically when entering a curve, then resumes your previously set speed after exiting.⁹

02 REMOTE SMART PARKING ASSIST

With this feature, your GV70 takes the stress out of tight parking maneuvers by automatically parking itself in either parallel or perpendicular spaces. It can be controlled when sitting inside, or standing outside, of the vehicle.¹⁰

03 ADVANCED REAR OCCUPANT ALERT

The GV70 is available with the world's first implementation of a radar-based Rear Occupant Alert. It detects the barely perceptible movements of a child's chest from breathing, and warns an exiting driver of children sleeping in the back seat – or pets in the cargo area.¹¹

IN THE GV70, YOU'RE A KNIGHT. NOT A PAWN.

At Genesis, we view driving safety the way a grand master views a chess board. Look at the possible moves that various pieces can make, then anticipate your defense against each. That's the idea behind the GV70's automatic emergency braking technology.¹² It's also why the GV70 comes standard with the segment's first Front Center Airbag, designed to help protect front-seat occupants in the event of a side collision.

01 REAR CROSS-TRAFFIC COLLISION-AVOIDANCE ASSIST AND PARKING COLLISION-AVOIDANCE ASSIST – REAR

Backing out of a parking space and wondering if it's safe? The GV70 comes equipped with sensors that help detect vehicles approaching from the side – and an option for detecting obstructions directly in your path – while exiting a parking space in reverse gear. If necessary, emergency braking is applied to help avoid a collision.¹³

02 BLIND-SPOT COLLISION-AVOIDANCE ASSIST AND BLIND-SPOT VIEW MONITOR

Like an extra set of eyes when you approach the line markings for a lane change, this feature engages differential braking automatically to help avoid collisions with a vehicle in the rear blind spot.¹⁴ Activating your turn signal also triggers an available Blind-Spot View Monitor to display video from the GV70's corresponding side-view camera in the instrument cluster.¹⁵

03 LANE FOLLOWING ASSIST

Activated by a button on the steering wheel, Lane Following Assist helps keep you centered in your lane by identifying and tracking lane markings. If the markings aren't clear, the system can also create a virtual path based on movements of the vehicle traveling ahead.¹⁶

04 FORWARD COLLISION-AVOIDANCE ASSIST

The GV70 alerts its driver to potential collisions with pedestrians, cars or cyclists in front of the vehicle and applies braking automatically if needed to help avoid a collision.¹² This feature also helps avoid collisions with oncoming traffic while your are turning left in an intersection.¹⁷

05 SURROUND VIEW MONITOR

An available Surround View Monitor uses four cameras to display a 3D view of the perimeter of your GV70. Use it to guide your way into tight parking spaces and for clear views of the curb when parallel parking. A remote image capture feature lets you check your car's surroundings on your smartphone while you're away.¹⁸

2022 Genesis GV70¹⁹

Non-U.S. models with optional features shown

CELEBRATE YOUR SENSES.

The new GV70 is a complex instrument, but what it does is elegantly simple: Put you in touch with every sensation. And in total control of your every move.

SEE LUXURY FROM A WHOLE NEW PERSPECTIVE.

The new GV70 surrounds its driver with features that exude comfort and convenience. After all, isn't that what a luxury vehicle *should* do?

It starts with the support and relaxation created by an available Ergo Motion Seat for the driver – standard on all GV70 AWD Sport and Sport Prestige trim levels. Its special seat design helps the GV70 driver fend off fatigue during long journeys with a stretch function that exercises and energizes your body while driving.

The 3.5T AWD Sport Prestige's 12.3" 3D Digital Cluster conveys driving vitals with visual flair and changes its color scheme based on the Drive Mode you've selected. A Heads-up Display projects key driving information directly onto the windshield in fighter-jet fashion.

The Touch Type Dual Zone Automatic Climate Control is just as intuitive, thanks to capacitive touch controls that provide both audible and tactile feedback. As you focus on driving, the GV70 focuses on you.

Non-U.S. model with optional features shown

WIDEN YOUR EXPERIENCE.

The expansive width of the GV70's 14.5" HD Screen allows for convenient split-screen views. So things like audio, weather and navigation maps can have one-third of the touch surface all to themselves.

Add the GV70's available Lexicon® Premium Audio System, and you might just widen your taste in music, too. Among the strategic placement of 16 premium speakers is a pair of subwoofers located beneath the front seats. You won't just hear the music – you'll feel it.

QuantumLogic® Surround Sound technology identifies and re-authors individual voices and instruments into a precise multi-channel soundstage. The result is a wider, more dynamic listening experience for enjoying SiriusXM Satellite Radio, HD Radio™ or your personal playlists via Apple CarPlay®, Android Auto™ and Bluetooth® streaming.²⁰

YOUR SMARTPHONE IS NOW YOUR KEY.

An available Genesis Digital Key lets you unlock your GV70's front doors and start the engine using your compatible Android™ smartphone or NFC Card Key.²¹ And check this out – at the press of a button, you can easily and securely share your Digital Key with family members.

Touch your phone to the front door handle, and the preferences you entered into your Cloud Profile are instantly recalled to set the driver seat position, audio and navigation system presets, drive modes, safety system presets and more. It's all part of an array of cloud-connected conveniences engineered into the new Genesis GV70.

CONNECTED ROUTING

Up on the wide center console screen, the GV70's Premium Navigation System adds a feature called Connected Routing that delivers faster cloud-based driving directions with the latest traffic and road conditions.²²

OVER THE AIR UPDATES

The software and data that enable your GV70's multimedia and navigation systems can now be updated automatically over the air. No need to wait for an annual maintenance visit to your Genesis retailer in order to get the latest map updates for your Premium Navigation System.²³

WIRELESS DEVICE CHARGER

Keeping the digital devices charged for everyone onboard is a must, not an option. Which is why the GV70 offers a Wireless Device Charger and Dual Front/Dual 2nd Row USB Ports as standard.²⁴

GENESIS CONNECTED SERVICES

Non-U.S. model with optional features shown

With Genesis Intelligent Assistant,[®] you can remotely check to see if you left your GV70's doors unlocked or a window open – even view an overhead snapshot of your vehicle and its surroundings – on your mobile device.²⁵ Want your GV70's cabin to be the perfect temperature when you enter? Ask your Genesis app, or your Amazon Echo[®] or Google Home[™] device, to remotely start the engine and climate controls from the comfort of your couch or office.²⁶ The app also

lets you check the fuel level and includes a Valet Mode feature to help you keep tabs on your Genesis.

Complimentary for your first three years of ownership, Genesis Connected Services can send Maintenance Reminders and Monthly Vehicle Health Reports, can automatically call for assistance in an emergency,²⁷ and much more. For information on all of the services available to GV70 owners, visit genesis.com.²⁸

GENESIS EXPERIENCE

Our thoughtfully crafted suite of owner benefits is designed to enhance not just the way you drive, but the way you live. It reflects our profound commitment to meeting your needs and wants precisely. And while we can't make more of it, the time-saving features of the Genesis Experience will help you spend your time where it matters most.²⁹

COMPLIMENTARY SERVICE VALET

You may never set foot in our service center. With our Genesis Service Valet (complimentary for 3 years or 36,000 miles), we'll perform a remote diagnostic check, pick up your vehicle, send a Courtesy Replacement and return your GV70 when it's ready.

24/7 ENHANCED ROADSIDE ASSISTANCE

Peace of mind is another essential luxury. Should your travel plans take an unexpected turn, five-year complimentary Roadside Assistance provides tire changes or transportation to the nearest Genesis retailer. Reimbursement for an overnight stay is included if needed.

SIRIUSXM ALL ACCESS SATELLITE RADIO

Complimentary for your first three months, SiriusXM All Access offers one of the widest varieties of entertainment anytime, anywhere. Enjoy every channel available on your satellite radio – including personalized stations powered by Pandora® – and listen in your GV70 or on your computer, smartphone or tablet with the SiriusXM app.

COMPLIMENTARY SCHEDULED MAINTENANCE

Enjoy a worry-free Genesis ownership experience with Complimentary Scheduled Maintenance for 3 years or 36,000 miles, whichever comes first. Complimentary oil changes are also included with your normally scheduled maintenance appointments at a Genesis service center.

GENESIS CONNECTED SERVICES

Every new GV70 includes three years of complimentary Genesis Connected Services. It's an exclusive suite of safety, car care, guidance and remote features that help keep you connected to your digital life and the things you need on the go.

NAVIGATION AND MULTIMEDIA UPDATES

To ensure you're accessing up-to-date driving directions, your GV70 navigation system comes with annual map updates – complimentary for three years during routine maintenance visits with Genesis. Over the Air Updates are also available through Genesis Connected Services.

FOOTNOTES

¹Genesis received the lowest rate of reported problems among luxury brands in the J.D. Power 2017-2020 U.S. Initial Quality (IQS) Studies measuring new vehicle owners' experience with their vehicle after 90 days of ownership. Visit [jdpower.com/awards](https://www.jdpower.com/awards) for more details. ²Claim based on comparison of specifications for Genesis GV70 2.5T, BMW X3 xDrive 3.0, Mercedes GLC 300 4MATIC, Audi Q5 Premium 45 TFSI Quattro and Lexus NX 300AWD. ³Horsepower/torque ratings with premium fuel. ⁴Maximum towing capacity with trailer brakes. ⁵All SiriusXM services require a subscription sold separately, or as a package, by Sirius XM Radio Inc. after the trial period has elapsed. The subscription plan you choose will automatically renew, and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at [siriusxm.com](https://www.siriusxm.com). All fees and programming subject to change. Satellite and outside-the-car lineups vary slightly. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. ⁶An active Genesis Connected Services (GCS) subscription is required for the web search function to operate. Vehicle commands do not require a GCS subscription. ⁷The smart liftgate will open when your Proximity Key is within 40 inches of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere with the normal operation of this feature. See Owner's Manual for details and limitations. ⁸Highway Driving Assist (HDA) is for highway use only and helps keep your vehicle centered in its lane while maintaining a set distance from the vehicle ahead. Lane markings must be clearly visible on the road. HDA should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. HDA will not work under all circumstances and will not prevent loss of control. Driver remains responsible to slow or stop the vehicle to avoid a collision. See Owner's Manual for details. ⁹Smart Cruise Control with Stop & Go (SCC) is not a collision-avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. The driver remains responsible to slow or stop the vehicle to avoid a collision. SCC initiates a full stop when the traffic ahead stops and reengages if the vehicle ahead moves forward within 3 seconds. See Owner's Manual for details and limitations. Highway Auto Curve Slowdown is for highway use only and works in conjunction with SCC or HDA and only when navigation map data is available. It will not work under all circumstances. Driver remains responsible for driving at posted speeds. See Owner's Manual for details. ¹⁰Remote Smart Parking Assist can remotely park the vehicle. However, several factors can reduce the performance of this feature. The parking sensors may not function correctly if one or more of the parking sensors is damaged, dirty or covered, or if weather conditions (heavy rain, snow or fog) are interfering with sensor operation. Always inspect the parking area with your own eyes. See Owner's Manual for details and limitations. ¹¹When the vehicle is parked and the engine has been turned off, Advanced Rear Occupant Alert (AROA) can help alert the driver if it detects movement from a child or pet. Upon exiting and locking the vehicle, the AROA may provide visual, audible, and/or Genesis Connected Services (GCS) alerts if the interior overhead sensors detect movement. AROA is not a substitute for driver attentiveness. Never leave a child or pet unattended in a vehicle. GCS notification requires a properly equipped vehicle with an active GCS account. See Owner's Manual for details and limitations. ¹²Forward Collision-Avoidance Assist (FCA) with Pedestrian and Cyclist Detection helps detect pedestrians and cyclists, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. The system is not designed to detect certain stationary objects such as trees or poles, and may not detect all vehicles, pedestrians and cyclists under certain road, weather and vehicle conditions. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. The driver is responsible for being attentive and maintaining control of the vehicle, and should not wait for the system's alerts before braking as there may not be sufficient time to brake safely. See Owner's Manual for details and limitations. ¹³Rear Cross-Traffic Collision-Avoidance Assist (RCCA) is designed to notify drivers of approaching cross traffic behind their vehicle. When another vehicle is detected while you are backing out of a parking spot, it provides audible and visual display warnings and applies braking if it senses a collision is imminent. RCCA is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. It only engages during the first activation of reverse gear from park and may not detect all vehicles, depending on the size, angle, distance and speed of the other vehicle. Never rely exclusively on RCCA. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual for details and limitations. Parking Collision-Avoidance Assist – Rear (PCA-R) can alert the driver of a potential hazard by providing an audible warning and applying light braking. PCA-R is active when the vehicle is in reverse and operating at a low speed. Never rely exclusively on PCA-R. It cannot prevent all collisions and may not provide alerts or braking in all conditions. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual for details and limitations. ¹⁴Blind-Spot Collision-Avoidance Assist (BCA) warns the driver of other cars in the blind spot region and can apply braking to help prevent an unsafe lane change. It senses the rear side territory of the vehicle after turn signal activation when traveling over 20 mph. There are limitations to the function, range, detection and clarity of the system. It will not detect all vehicles or objects in the blind spot. BCA may not operate if sensors are obscured in any way. Do not rely exclusively on BCA. BCA is a supplemental system, and it is the driver's responsibility to exercise caution when changing lanes. See Owner's Manual for further details and limitations. ¹⁵The Blind-Spot View Monitor

(BVM) assists the driver in changing lanes by providing a live view of the blind spots on either side of the vehicle and an audible alert if another vehicle is detected. Turn signal must be activated, and other system limitations apply. Do not rely exclusively on BVM. It is the driver's responsibility to be aware of the surroundings and ensure it is clear before changing lanes or directions. See Owner's Manual for details and limitations. ¹⁶Lane Following Assist (LFA), when actively engaged with Smart Cruise Control or Highway Driving Assist, can help keep the vehicle centered in its lane when the lane markings are clearly visible on the road. LFA will not work under all circumstances and will not prevent loss of control. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. See Owner's Manual for details and limitations. ¹⁷Forward Collision-Avoidance Assist with Junction Turning helps the driver avoid collisions involving turning left at an intersection by applying the opposing front brake only when an oncoming vehicle is detected in the opposing lane. There are limitations to the function, detection, range and clarity of the system. Junction Turning may not function correctly if one or more of the sensors is damaged, dirty or covered or if weather conditions (heavy rain, snow or fog) are interfering with the sensor operation. It will not prevent loss of control. This driver assistance system is not a substitute for safe driving. ¹⁸The Surround View Camera System (SVCS) is a parking support system. SVCS cannot completely eliminate blind spots, may not detect every object and does not warn of moving objects. Always check your surroundings before moving your vehicle. See Owner's Manual for details and limitations. Remote image capture requires active Genesis Connected Services account. ¹⁹To qualify for *2021 TOP SAFETY PICK+*, a vehicle must earn good ratings in the driver-side small overlap front, passenger-side small overlap front, moderate overlap front, side, roof strength and head restraint tests. It also must earn an advanced or superior rating for vehicle-to-vehicle and vehicle-to-pedestrian front crash prevention and come with standard acceptable- or good-rated headlights. For details visit www.iihs.org. ²⁰Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple is a registered trademark of Apple Inc. Android Auto requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Google, Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ²¹Near Field Communication (NFC) digital smartphone key requires a compatible Android smartphone and an appropriately equipped 2022 GV70 vehicle. Not all Android devices are compatible. The Genesis GV70 must be equipped with smart key with push button start, wireless device charging, and Audio Video Navigation System 5.0 (or newer) or Display Audio 2.0. Lock/unlock functionality works on the front doors only. Features and specifications subject to change. See your Owner's Manual or visit your local Genesis retailer for details and limitations. ²²Connected Routing helps drivers access the latest traffic and road conditions. It requires an active subscription to Genesis Connected Services and a wireless connection. See Owner's Manual for details and limitations. ²³Over the Air Updates require a Genesis Connected Services Guidance package subscription. ²⁴Qi wireless charging function is based on smartphone compatibility and/or specific accessory cases. ²⁵Remote features are subject to adequate cellular coverage, signal strength and battery power, and only available in the 50 United States. You must be an active subscriber or within the initial free-trial period to receive Genesis Connected Services. ²⁶Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Home and Google Assistant are trademarks of Google Inc. ²⁷Agents will contact existing emergency service responders. ²⁸Genesis Connected Services are complimentary for three years and require an active subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use and is available for new 2022 model-year vehicle purchases and leases, as well as transferable to subsequent owners subject to the Terms and Conditions. Only use Genesis Connected Services and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. For more on details and limitations, visit genesis.com or an authorized retailer of Genesis branded products. ²⁹See Genesis Experience Notes below for program details and limitations. ³⁰EPA estimates for comparison only. Actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. ³¹Powertrain Limited Warranty available for original retail owner only.

Genesis Experience Notes: Genesis Service Valet covers 2022 model-year vehicles for maintenance and warranty repairs for 3 years/36,000 miles. Coverage area varies by retailer. Mileage and ownership limitations may apply. Genesis reserves the right to change program without notice. Exclusions may apply. Genesis Complimentary Maintenance is for 2022 model-year vehicles for factory-recommended scheduled maintenance for 3 years/36,000 miles. Ownership limitations may apply. Genesis reserves the right to change program without notice. Exclusions may apply. Multimedia and Navigation Map Care updates are available annually for 2022 model-year vehicles for 3 years after purchase with a regularly scheduled maintenance appointment. Availability timing of software updates may vary. Ownership limitations may apply. Genesis reserves the right to change program without notice. Exclusions may apply. Genesis Connected Services are available for 3 years complimentary for 2022 model-year vehicles. Enrollment is required. Ownership limitations may apply. Genesis reserves the right to change program without notice. Exclusions may apply. SiriusXM® audio trial is complimentary for 90 days. Ownership limitations may apply. Genesis reserves the right to change program without notice. Exclusions may apply. Roadside Assistance is complimentary for 5 years/unlimited miles for 2022 model-year vehicles. Mileage and ownership limitations may apply. Genesis reserves the right to change program without notice. Exclusions may apply.

DRIVING IS BELIEVING.

You've heard what we have to say about the all-new GV70.
Now there's just one thing left for you to do: Visit your
Genesis retailer and experience what it feels like to drive
the SUV that takes luxury to a whole new level.

Non-U.S. model with optional features shown
