LUXURY NEVER STANDS STILL. NEITHER DO WE.

When we launched a new luxury automotive brand called Genesis five years ago, we knew our success would result from an unflinching focus on three things.

The first is exceptional quality. From the start, everything we’ve done has been about building your Genesis to the highest standards. Over our first four years, J.D. Power ranked Genesis as the Best Premium Brand in Initial Quality in the U.S.

The second is constant innovation. From a comprehensive suite of driver-assist safety features to our connected car apps and state-of-the-science audio and navigation systems, technologies introduced by Genesis are redefining the luxury car ownership experience.

Our third focus: Dynamic, distinctly Genesis design. With its forceful expression of our Athletic Elegance visual language, the all-new GV70 kick-starts the next evolutionary phase of the luxury SUV.
INTRODUCING THE 2022 GENESIS GV70.

Wherever you look, the GV70 reveals an attention to detail that defines Genesis Design. If form follows function, you can expect your GV70 to perform beautifully from the moment you touch the handle of the driver’s door.

Non-U.S. model with optional features shown.
A SHAPE THAT SHAPES PERCEPTIONS.

The common elements of Genesis Design are uncommonly bold: A large pentagonal Crest Grille. Quad LED Headlights and Tailights. And distinctively athletic body lines. With a low, wide coupe-like profile, the GV70 conveys the essence of its performance character. This is a dynamic SUV — a fact evident to the eye before you ever hear the sound of its engine. Or sense the quick, confident response of its steering and brakes. Open the door, and the GV70’s premium soft-touch materials and available backlit trim impart a sense of serious performance wrapped in spacious comfort. It’s a level of luxury so rewarding, the Genesis GV70 was named MotorTrend’s 2022 SUV of the Year.®
Press your right foot down on the accelerator pedal of the GV70 2.5T AWD and feel what comes next! The thrust of turbocharged power. The GV70’s 300 horsepower is the highest among key competitors in the segment. And its torque is an equally impressive 311 lb-ft.

To make sure all of that power gets put to good use, the GV70 comes standard with All Wheel Drive. Launch Control is also standard, part of an 8-speed Shift-by-Wire Automatic Transmission that selects the ideal shift points based on a variety of inputs – like which of the GV70’s drive modes you’ve chosen. From Comfort or Eco to Sport, Sport+ or Custom, you can select the drive mode you want… and the transmission will adjust its shifts to suit.

Of course, the most direct result of all this will probably be a huge grin on your face.
Genesis designers didn’t think of the GV70 2.5T AWD as a machine or an integrated system of digital technologies. They imagined it as a place for human contact.

In the new GV70, that contact includes the world’s first in-vehicle Fingerprint Reader. With it, you can start the engine without a key, load personal vehicle presets and more. Settle into the 12-way Power Driver Seat, and you’ll instantly feel how other advanced features – like a multimedia controller that reads finger swipe and scribble gestures – create a bond between you and your GV70.

You can also talk to your GV70. It’s enabled with Dynamic Voice Recognition, which responds to questions or voice commands spoken in normal, conversational tones. Announce that you want to go home, and driving directions are promptly displayed on the Premium Navigation System’s class-leading 14.5˝ HD Screen.2

Ask your GV70 to turn on the air conditioning, change a SiriusXM channel or check on Apple’s stock price, and it responds faster than you can say, “Did the Dodgers win today?”6

Non-U.S. model with optional features shown
PAVE YOUR OWN WAY.

Genesis comes from an entirely new place. Free from decades-old legacy constraints, we’re pursuing uncharted destinations in the landscape of automotive luxury. In the new GV70, that includes a level of performance that’s exceptionally rewarding.
HERE, PERFORMANCE IS ALWAYS IN THE DRIVER’S SEAT.

With the new Genesis GV70 3.5T AWD Sport, there’s no question who’s in charge. You are, compliments of a 3.5L Twin-Turbo V6. The numbers look like this on paper: 375 horsepower and 391 lb-ft of torque.

But nobody drives on paper, right? Which is why your GV70 is engineered to tackle all kinds of surfaces, from rain-slicked city streets and snow-covered mountain roads to off-pavement treks over gravel, mud and sand. To preserve a smooth ride, the 3.5T AWD Sport’s Electronically Controlled Suspension with Road Preview scans the road ahead and micro-adjusts the suspension when potholes or speed bumps are detected in Sport mode.

Enhanced traction features on the 3.5T AWD Sport Prestige model include 21˝ Sport Alloy Wheels. More than just a stunning design, their large size enables your GV70 to get a bigger, better grip on the pavement. An Electronic Limited Slip Differential optimizes grip by distributing power between the left and right rear wheels according to the driving conditions. Stability in corners is also enhanced by distributing the appropriate level of power to the inner and outer wheels to prevent slippage.

Maximum Output Maximum Torque Towing Capacity
CRAFTED TO THE HIGHEST STANDARDS: YOURS.

You and you alone know how high your standards are. As you sit inside the 3.5T AWD Sport, consider this: Does it meet your expectations for refined design, modern finishes and meticulous craftsmanship?

Settle into the front seats and consider the kind of insert surface pattern you prefer: Leather with Mesh®? Nappa Leather with Suede®? Or Nappa Leather with Quilting? Each features a distinctive interior trim crafted from materials such as aluminum or carbon fiber. There’s even a Layered Edge Backlit Trim that syncs with the GV70 AWD Sport’s Adjustable Interior Ambient Lighting.

The 3.5T AWD Sport’s Integrated Memory System includes Smart Posture Assist technology that recommends and sets the most ergonomic seating position for the driver. The Leather Wrapped Steering Wheel and Heated Outside Mirrors are adjusted automatically to the driver’s profile as well.

Non-U.S. model with optional features shown.
HOLDS PRECIOUS CARGO.
AND EVERYONE’S ATTENTION.

Even with all of its robust performance and refined features, the GV70 is built for utility. There’s plenty of space inside for a full complement of passengers—as well as the gear everyone loves to bring along.

Access to the rear cargo area is effortless. If your arms are full carrying items to your GV70, a Hands-free Smart Liftgate with Auto Open recognizes your Smart Key and opens automatically.7

Once inside, configuring the 60/40 2nd Row Folding Seats to make the most of your GV70’s roomy interior is easy, too. And with a towing capacity of up to 3,500 pounds,4 the new GV70 is more than ready to do all of your heavy lifting.
IT’S A TIME MACHINE.

With its remarkable combination of performance and versatility, the new GV70 can transport you effortlessly to exactly where you want to be. So you can enjoy the most valuable thing you possess: Your time.
The essence of modern luxury involves elegant solutions for simplifying your life. One example: The GV70’s Highway Driving Assist. It helps maintain your cruising speed and distance from the vehicle ahead while keeping you centered in your lane, even through a curve.8

01 NAVIGATION-BASED SMART CRUISE CONTROL
Beyond automatically adjusting your speed when slower traffic is present, the GV70’s Smart Cruise Control can be set to adjust automatically to changes in posted speed limits. An available Auto Curve Slowdown feature also reduces your speed automatically when entering a curve, then resumes your previously set speed after exiting.9

02 REMOTE SMART PARKING ASSIST
With this feature, your GV70 takes the stress out of tight parking maneuvers by automatically parking itself in either parallel or perpendicular spaces. It can be controlled when sitting inside, or standing outside, of the vehicle.10

03 ADVANCED REAR OCCUPANT ALERT
The GV70 is available with the world’s first implementation of a radar-based Rear Occupant Alert. It detects the barely perceptible movements of a child’s chest from breathing, and warns an exiting driver of children sleeping in the back seat – or pets in the cargo area.11

Non-U.S. model with optional features shown.
REAR CROSS-TRAFFIC COLLISION-AVOIDANCE ASSIST AND PARKING COLLISION-AVOIDANCE ASSIST – REAR
Backing out of a parking space and wondering if it's safe? The GV70 comes equipped with sensors that help detect vehicles approaching from the side – and an option for detecting obstructions directly in your path – while exiting a parking space in reverse gear. If necessary, emergency braking is applied to help avoid a collision.\(^{13}\)

BLIND-SPOT COLLISION-AVOIDANCE ASSIST AND BLIND-SPOT VIEW MONITOR
Like an extra set of eyes when you approach the line markings for a lane change, this feature engages differential braking automatically to help avoid collisions with a vehicle in the rear blind spot.\(^{14}\) Activating your turn signal also triggers an available Blind-Spot View Monitor to display video from the GV70’s corresponding side-view camera in the instrument cluster.\(^{15}\)

LANE FOLLOWING ASSIST
Activated by a button on the steering wheel, Lane Following Assist helps keep you centered in your lane by identifying and tracking lane markings. If the markings aren’t clear, the system can also create a virtual path based on movements of the vehicle traveling ahead.\(^{16}\)

FORWARD COLLISION-AVOIDANCE ASSIST
The GV70 alerts its driver to potential collisions with pedestrians, cars or cyclists in front of the vehicle and applies braking automatically if needed to help avoid a collision.\(^{17}\) This feature also helps avoid collisions with oncoming traffic while your are turning left in an intersection.\(^{18}\)

SURROUND VIEW MONITOR
An available Surround View Monitor uses four cameras to display a 3D view of the perimeter of your GV70. Use it to guide your way into tight parking spaces and for clear views of the curb when parallel parking. A remote image capture feature lets you check your car’s surroundings on your smartphone while you’re away.\(^{19}\)

IN THE GV70, YOU’RE A KNIGHT. NOT A PAWN.
At Genesis, we view driving safety the way a grand master views a chess board. Look at the possible moves that various pieces can make, then anticipate your defense against each. That’s the idea behind the GV70’s automatic emergency braking technology. It’s also why the GV70 comes standard with the segment’s first Front Center Airbag, designed to help protect front-seat occupants in the event of a side collision.

Non-U.S. models with optional features shown.
CELEBRATE YOUR SENSES.

The new GV70 is a complex instrument, but what it does is elegantly simple: Put you in touch with every sensation. And in total control of your every move.
The new GV70 surrounds its driver with features that exude comfort and convenience. After all, isn’t that what a luxury vehicle should do?

It starts with the support and relaxation created by an available Ergo Motion Seat for the driver — standard on all GV70 AWD Sport and Sport Prestige trim levels. Its special seat design helps the GV70 driver fend off fatigue during long journeys with a stretch function that exercises and energizes your body while driving.

The 3.5T AWD Sport Prestige’s 12.3˝3D Digital Cluster conveys driving vitals with visual flair and changes its color scheme based on the Drive Mode you’ve selected. A Heads-up Display projects key driving information directly onto the windshield in fighter-jet fashion.

The Touch Type Dual Zone Automatic Climate Control is just as intuitive, thanks to capacitive touch controls that provide both audible and tactile feedback. As you focus on driving, the GV70 focuses on you.
WIDEN YOUR EXPERIENCE.

The expansive width of the GV70’s 14.5˝ HD Screen allows for convenient split-screen views. So things like audio, weather and navigation maps can have one-third of the touch surface all to themselves.

Add the GV70’s available Lexicon® Premium Audio System, and you might just widen your taste in music, too. Among the strategic placement of 16 premium speakers is a pair of subwoofers located beneath the front seats. You won’t just hear the music – you’ll feel it.

QuantumLogic® Surround Sound technology identifies and re-authors individual voices and instruments into a precise multi-channel soundstage. The result is a wider, more dynamic listening experience for enjoying SiriusXM Satellite Radio, HD Radio™ or your personal playlists via Apple CarPlay®, Android Auto™ and Bluetooth® streaming.™
YOUR SMARTPHONE IS NOW YOUR KEY.

An available Genesis Digital Key lets you unlock your GV70’s front doors and start the engine using your compatible Android™ smartphone or NFC Card Key.21 And check this out - at the press of a button, you can easily and securely share your Digital Key with family members.

Touch your phone to the front door handle, and the preferences you entered into your Cloud Profile are instantly recalled to set the driver seat position, audio and navigation system presets, drive modes, safety system presets and more. It’s all part of an array of cloud-connected conveniences engineered into the new Genesis GV70.

CONNECTED ROUTING

Up on the wide center console screen, the GV70’s Premium Navigation System adds a feature called Connected Routing that delivers faster cloud-based driving directions with the latest traffic and road conditions.22

OVER THE AIR UPDATES

The software and data that enable your GV70’s multimedia and navigation systems can now be updated automatically over the air. No need to wait for an annual maintenance visit to your Genesis retailer in order to get the latest map updates for your Premium Navigation System.23

WIRELESS DEVICE CHARGER

Keeping the digital devices charged for everyone onboard is a must, not an option. Which is why the GV70 offers a Wireless Device Charger and Dual Front/Dual 2nd Row USB Ports as standard.24
With Genesis Intelligent Assistant®, you can remotely check to see if you left your GV70’s doors unlocked or a window open – even view an overhead snapshot of your vehicle and its surroundings – on your mobile device. Want your GV70’s cabin to be the perfect temperature when you enter? Ask your Genesis app, or your Amazon Echo® or Google Home™ device, to remotely start the engine and climate controls from the comfort of your couch or office. The app also lets you check the fuel level and includes a Valet Mode feature to help you keep tabs on your Genesis. Complimentary for your first three years of ownership, Genesis Connected Services can send Maintenance Reminders and Monthly Vehicle Health Reports, can automatically call for assistance in an emergency, and much more. For information on all of the services available to GV70 owners, visit genesis.com.
Our thoughtfully crafted suite of owner benefits is designed to enhance not just the way you drive, but the way you live. It reflects our profound commitment to meeting your needs and wants precisely. And while we can’t make more of it, the time-saving features of the Genesis Experience will help you spend your time where it matters most.

**GENESIS EXPERIENCE**

**GENESIS SERVICE VALET**
You may never set foot in our service center. With our Genesis Service Valet (complimentary for 3 years or 36,000 miles), we’ll perform a remote diagnostic check, pick up your vehicle, send a Courtesy Replacement and return your GV70 when it’s ready.

**24/7 ENHANCED ROADSIDE ASSISTANCE**
Peace of mind is another essential luxury. Should your travel plans take an unexpected turn, five-year complimentary Roadside Assistance provides tire changes or transportation to the nearest Genesis retailer. Reimbursement for an overnight stay is included if needed.

**SIRIUSXM ALL ACCESS SATELLITE RADIO**
Complimentary for your first three months, SiriusXM All Access offers one of the widest varieties of entertainment anytime, anywhere. Enjoy every channel available on your satellite radio — including personalized stations powered by Pandora® — and listen in your GV70 or on your computer, smartphone or tablet with the SiriusXM app.

**GENESIS CONNECTED SERVICES**
Every new GV70 includes three years of complimentary Genesis Connected Services. It’s an exclusive suite of safety, car care, guidance and remote features that help keep you connected to your digital life and the things you need on the go.

**NAVIGATION AND MULTIMEDIA UPDATES**
To ensure you’re accessing up-to-date driving directions, your GV70 navigation system comes with annual map updates — complimentary for three years during routine maintenance visits with Genesis. Over the Air Updates are also available through Genesis Connected Services.

**COMPLIMENTARY SCHEDULED MAINTENANCE**
Enjoy a worry-free Genesis ownership experience with Complimentary Scheduled Maintenance for 3 years or 36,000 miles, whichever comes first. Complimentary oil changes are also included with your normally scheduled maintenance appointments at a Genesis service center.
