

2023
GENESIS GV70

THE PERFORMANCE SUV FROM GENESIS

A few short years ago, we created Genesis to reflect a new kind of luxury that is emerging at the intersection of design and technology. Where luxury is not a feature, but a feeling – the direct effect of how everything that surrounds you performs.

In the Genesis GV70, that performance includes a towing capacity of up to 3,500 pounds¹ and class-leading horsepower with its 2.5L Turbo engine.² Together with a suite of connected car apps – and advanced driver-assist features covering safety, navigation and audio systems – Genesis is redefining the luxury SUV ownership experience.

Considering all of this, it's no wonder the Genesis GV70 was named the Top Rated Luxury SUV of 2022 by Edmunds, a Kelley Blue Book's KBB.com Best Buy Award Winner,³ and 2022 MotorTrend SUV of the Year.[®]

edmunds
TOP RATED
2022 LUXURY SUV AWARD WINNER

FORMED TO PERFORM

The visual language of Genesis Design is described by two words: Athletic Elegance. That is the impression created by the GV70 as it reshapes perceptions about SUVs.

This is a performance-minded vehicle that can also tow, haul and carry out your plans. Wherever you look, form follows function. From the moment you touch the handle of the driver's door, your GV70 responds with precision.

The common elements of Genesis Design are uncommonly bold. A large pentagonal Crest Grille is framed by the GV70's Two-Line headlamps, while a low and wide coupe-like profile conveys the essence of the GV70's dynamic character. Open the door, and the premium soft-touch materials and available backlit trims impart a sense of serious performance wrapped in spacious comfort.

If the design of the GV70 enhances your perceptions about Genesis, so will this: In its 2022 U.S. Vehicle Dependability Study, J.D. Power ranked Genesis #1 in long-term dependability among luxury brands.⁴

WHATEVER THE ROAD,
YOUR GV70 IS READY

MAKE YOUR POWER MOVE

The GV70 2.5T AWD's 300 horsepower is the highest among key competitors in its segment.⁵ And its torque is an equally impressive 311 lb-ft.⁶ Press your right foot on the accelerator, and revel in the rush of turbocharged power pouring onto the pavement.

The GV70's highly responsive handling stems from an ultra-rigid platform it shares with our G70 performance sedan. With standard All Wheel Drive and Launch Control, its grip is firm no matter the surface. An 8-speed Shift-by-Wire Automatic Transmission selects the ideal shift points based on a variety of inputs – like which of the GV70's drive modes you've chosen.

Eco, Comfort, Sport, Sport+ and Custom modes can be selected according to your desires or the road's demands. Want to enhance steering, braking and acceleration dynamics? Select Sport from the instrument cluster's Drive Mode menu, and your GV70 sharpens its performance edge. Want to take it easy? Select Comfort mode, and your GV70 instantly adjusts the engine, transmission and other systems for a smoother response. Choose Eco mode, and the setup adjusts for peak fuel efficiency.

The intelligence under the GV70's hood even extends to Smart Engine Oil Life Notification, which analyzes engine data and your driving patterns, then calculates the remaining life of the engine oil – and provides an alert to ensure it's changed at the correct intervals.⁷

TAKE ON LIFE WITH TWIN TURBOS

With its Twin-Turbo V6, the GV70 3.5T AWD Sport has numbers to impress on paper: 375 horsepower and 391 lb-ft of torque.⁶ But nobody drives on paper, right? Which is why the 3.5T AWD Sport has been engineered with computerized systems that can tailor engine, braking and transmission dynamics to suit your preferences or road conditions.

To preserve its smooth ride, the 3.5T AWD Sport's Electronically Controlled Suspension with Road Preview scans the road ahead and micro-adjusts the suspension when potholes or speed bumps are detected in your path.

On the 3.5T AWD Sport Prestige model, 21" Sport Alloy Wheels enable a bigger, better grip on the pavement. An Electronic Limited Slip Differential also optimizes traction by distributing power between the left and right rear wheels according to the driving conditions. One example: Stability in corners is enhanced by distributing the appropriate level of power to the inner and outer wheels to help prevent slippage.

SAFETY IS AN INTELLIGENCE TEST

The GV70 helps you pass it by offering a suite of advanced driver-assist technologies. Front and center is its Forward Collision-Avoidance Assist, which issues a warning when slowed or stopped vehicles, pedestrians or cyclists are detected in front of you. If needed, automatic braking is applied to help avoid a collision. The GV70's automatic braking technology can even assess the risk of colliding with oncoming traffic while turning left in an intersection.⁸

Highway Driving Assist helps maintain your cruising speed and distance from the vehicle ahead while keeping you centered in your lane, even through a curve.⁹ The GV70 also comes standard with the segment's first front center airbag, designed to help protect front-seat occupants in the event of a side collision.

2022 Genesis GV70¹⁰

01 REAR CROSS-TRAFFIC COLLISION-AVOIDANCE ASSIST AND PARKING COLLISION-AVOIDANCE ASSIST – REVERSE

Wondering if it is safe to back out of a parking space? The GV70 is equipped with sensors that help detect vehicles approaching from the side¹¹ and an option for detecting obstructions directly in your path¹² while exiting a parking space in reverse gear. If necessary, emergency braking is applied to help avoid a collision.

02 ADVANCED REAR OCCUPANT ALERT

The GV70 is available with the world's first radar-based Rear Occupant Alert. It helps detect the barely perceptible movements of a child's chest from breathing, and warns an exiting driver of children sleeping in the back seat or pets in the cargo area.¹³

03 NAVIGATION-BASED SMART CRUISE CONTROL

Beyond automatically adjusting your speed when slower traffic is present, the GV70's Smart Cruise Control can adjust automatically to changes in posted speed limits. An Auto Curve Slowdown feature helps to reduce your speed automatically when entering a curve, then resumes the previously set speed after exiting.¹⁴

04 BLIND-SPOT COLLISION-AVOIDANCE ASSIST AND BLIND-SPOT VIEW MONITOR

Like an extra set of eyes when approaching line markings for a lane change, Blind-Spot Collision-Avoidance Assist engages differential braking automatically to help avoid collisions with a vehicle in your blind spot.¹⁵ Activating your turn signal also triggers an available Blind-Spot View Monitor that displays video in the instrument cluster from the side-view camera.¹⁶

05 SURROUND VIEW MONITOR

An available Surround View Monitor uses four cameras to display a 3D view of the perimeter of your GV70. Use it to guide your way into tight parking spaces and for clear views of the roadside curb when parallel parking. A remote image capture feature also lets you check your vehicle's surroundings on your smartphone.¹⁷

PRECISION IS
WITHIN YOUR GRASP

TAKE THE SEAT OF POWER

Power seats are nothing new in luxury vehicles. But can a seat actually empower you? The answer reveals itself the moment you sit in your GV70 3.5T AWD Sport and take in the refined design, modern finishes and meticulous craftsmanship that surrounds you.

As the driver, your comfort is enhanced by an Ergo Motion Seat that takes the edge off of long journeys – its stretch function exercises and energizes your body while driving.

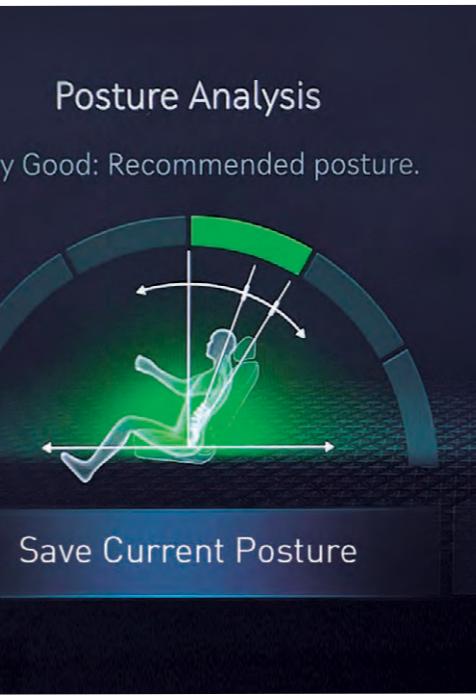

Take your place behind the GV70's leather-clad steering wheel and consider the kind of seating pattern you prefer: Leather with Mesh? Or Nappa Leather with Quilting? Each features a distinctive interior trim crafted from materials like aluminum or carbon fiber. On the GV70 3.5T AWD Sport, there is even an available Layered Edge Backlit Trim that syncs with the vehicle's Adjustable Interior Ambient Lighting.

PUT YOUR FINGERPRINTS ALL OVER IT

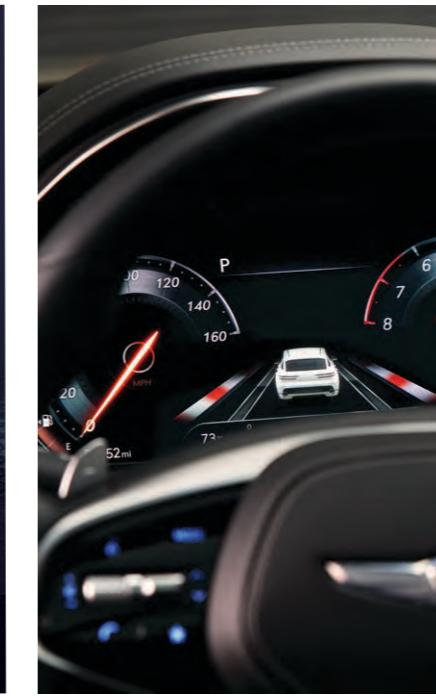

The GV70 features the industry's first in-vehicle Fingerprint Authentication System.¹ A quick touch of your finger lets you start the engine without a key, load personal vehicle presets, and more. Settle into the 12-way Power Driver's Seat, and you will instantly feel how other advanced features – like a multimedia controller that reads finger swipes and scribe gestures – create a bond between you and your SUV.

Further proof that Genesis designers didn't think of the GV70 as merely an integrated system of digital technologies. They imagined it as a place for human contact.

SMART POSTURE CARE

The 3.5T AWD Sport's Integrated Memory System includes Smart Posture Care technology that recommends and sets the most ergonomic seating position for you, the driver. The leather-wrapped steering wheel and heated outside mirrors are adjusted automatically to the driver's profile as well.

12.3" 3D DIGITAL CLUSTER AND HEAD-UP DISPLAY

An available 12.3" 3D Digital Instrument Cluster conveys your driving vitals with visual flair – and changes its color scheme based on the drive mode you've selected. A Head-Up Display is also available for projecting driving vitals directly onto the windshield in fighter-jet fashion.

DUAL ZONE AUTOMATIC CLIMATE CONTROL

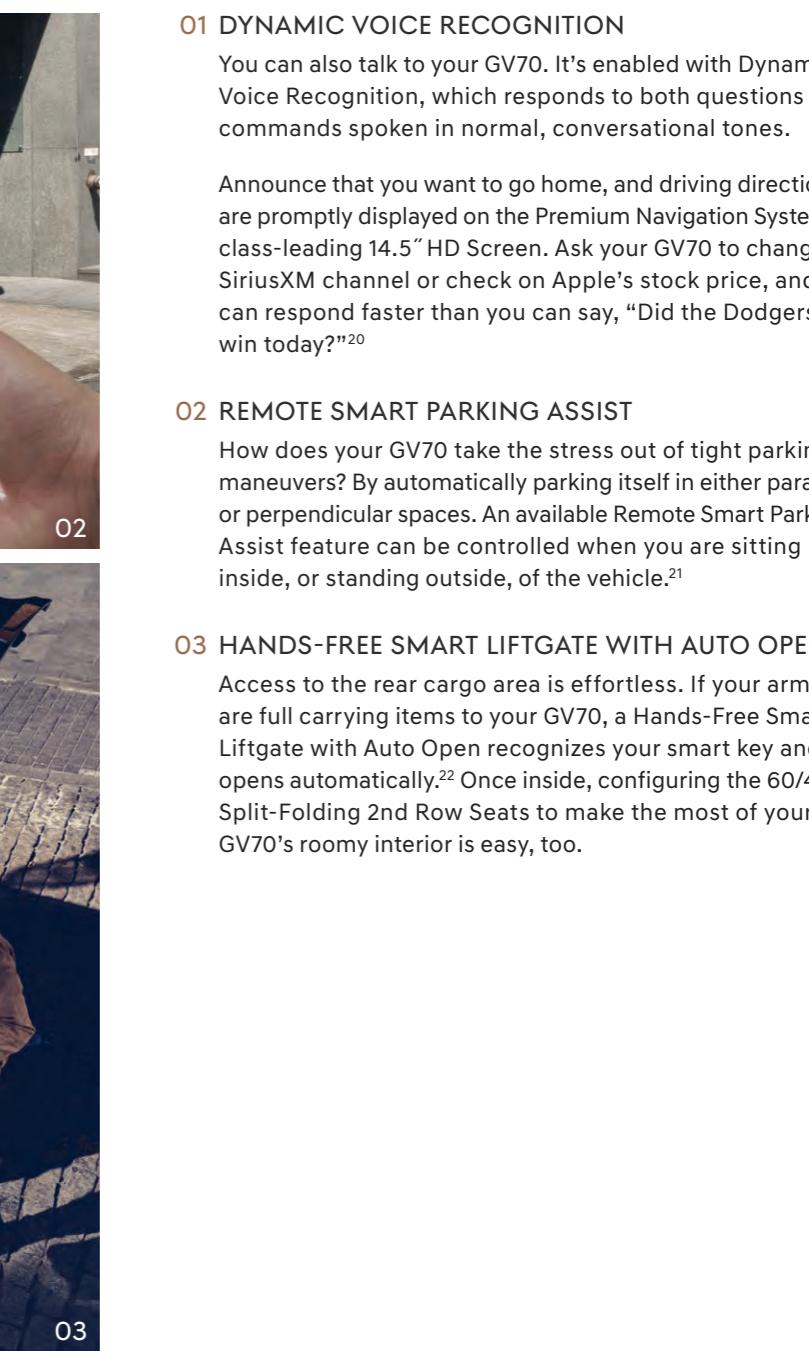

A highly intuitive Touch Type Dual Zone Automatic Climate Control allows both front seat passengers to dial up their heating or cooling preferences. Capacitive touch controls provide both audible and tactile feedback – as you focus on driving, your GV70 focuses on you.

UNLOCK THE FUTURE

An available Genesis Digital Key lets you unlock your GV70's front doors and start the engine using your compatible Android™ smartphone or NFC Card Key.¹⁸ At the press of a button, your Digital Key can easily and securely be shared with family members as well.

Touch your smartphone to the front door handle, and the preferences you entered into your Cloud Profile are quickly recalled to set the driver's seat position, audio and navigation system presets, drive modes, safety system presets and more. It's all part of an array of Genesis cloud-connected conveniences engineered into the GV70.

Keeping digital devices charged for everyone onboard? It's a must, not an option. Which is why the GV70 offers a Wireless Device Charger,¹⁹ Dual Front and Dual 2nd Row USB Ports as standard.

01 DYNAMIC VOICE RECOGNITION

You can also talk to your GV70. It's enabled with Dynamic Voice Recognition, which responds to both questions or commands spoken in normal, conversational tones.

Announce that you want to go home, and driving directions are promptly displayed on the Premium Navigation System's class-leading 14.5" HD Screen. Ask your GV70 to change a SiriusXM channel or check on Apple's stock price, and it can respond faster than you can say, "Did the Dodgers win today?"²⁰

02 REMOTE SMART PARKING ASSIST

How does your GV70 take the stress out of tight parking maneuvers? By automatically parking itself in either parallel or perpendicular spaces. An available Remote Smart Parking Assist feature can be controlled when you are sitting inside, or standing outside, of the vehicle.²¹

03 HANDS-FREE SMART LIFTGATE WITH AUTO OPEN

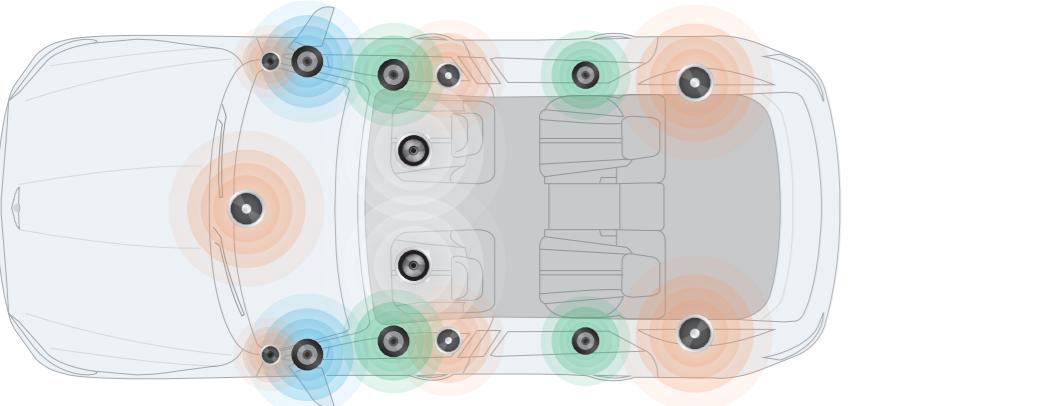

Access to the rear cargo area is effortless. If your arms are full carrying items to your GV70, a Hands-Free Smart Liftgate with Auto Open recognizes your smart key and opens automatically.²² Once inside, configuring the 60/40 Split-Folding 2nd Row Seats to make the most of your GV70's roomy interior is easy, too.

IT'S MUSIC TO YOUR EARS. AND EYES.

The expansive width of the GV70's 14.5" HD Screen allows for convenient split-screen views. So things like audio controls, weather info and navigation maps can have one-third of the touch surface all to themselves.

Ready to roll? Before you get behind the wheel, use your smartphone to send driving directions to your GV70's navigation system.²³ Add the available Lexicon® Premium Audio System to your GV70, and you'll enjoy the sound of 16 premium speakers placed throughout the cabin – including a pair of subwoofers beneath the front seats.

QuantumLogic® Surround Sound identifies and re-authors individual voices and instruments into a precise multi-channel soundstage. The result is a wider, more dynamic listening experience for enjoying SiriusXM Satellite Radio, HD Radio™ or your personal playlists via Apple CarPlay®, Android Auto™ and Bluetooth® streaming.²⁴

GENESIS CONNECTED SERVICES

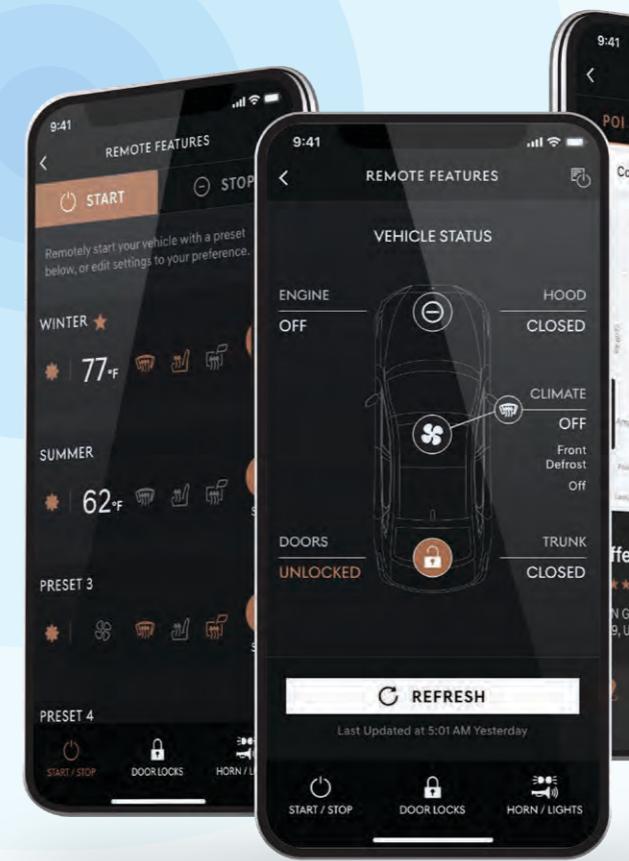

With the Genesis Intelligent Assistant® app on your mobile device, you can remotely check to see if you left your GV70's doors unlocked or a window open. You can even view an overhead snapshot of your vehicle and its surroundings on your smartphone.²⁵

Want your GV70's cabin to be the perfect temperature when you enter? Ask your Genesis app, or your Amazon Echo® or Google Home™ device, to remotely start the engine and climate controls from the comfort of your couch or office.²⁶

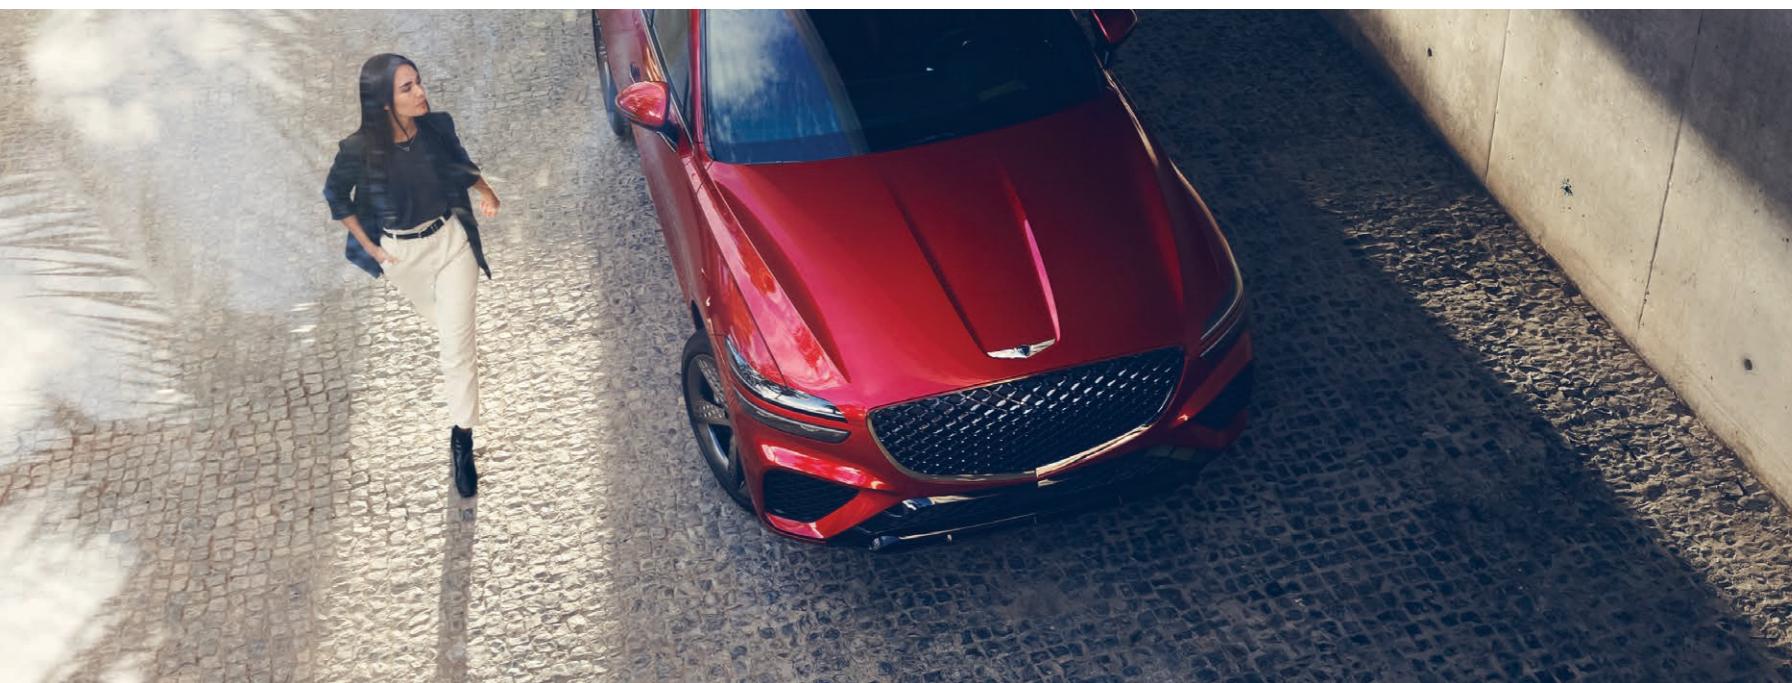

The app also lets you check the fuel level and includes a Valet Mode feature to help you keep tabs on your Genesis.

It's all part of Genesis Connected Services' wide range of remote, safety and car care features that include Monthly Vehicle Health Reports and Maintenance Reminders, automatically calling for assistance in an emergency,²⁷ and much more. For information on all of the services available to GV70 owners, visit genesis.com.²⁸

GENESIS EXPERIENCE

Our thoughtfully crafted suite of owner benefits is designed to enhance not just the way you drive, but the way you live. It reflects our profound commitment to meeting your needs and wants precisely. And while we can't create more time, our convenience-minded features will help you spend the time you have where it matters most.

COMPLIMENTARY SERVICE VALET

You may never set foot in our service center. With Genesis Service Valet (complimentary for 3 years or 36,000 miles, whichever comes first), we'll perform a remote diagnostic check, pick up your vehicle, send a Courtesy Loaner Vehicle and return your GV70 when the scheduled maintenance or warranty repair is complete.²⁹

24/7 ENHANCED ROADSIDE ASSISTANCE

Peace of mind is another essential luxury. Should your travel plans take an unexpected turn, five-year complimentary Roadside Assistance provides tire changes or transportation to the nearest Genesis retailer. Reimbursement for an overnight stay is included if needed.³¹

SIRIUSXM ALL ACCESS SATELLITE RADIO

Complimentary for your first three months, SiriusXM All Access offers one of the widest varieties of entertainment at your fingertips. Enjoy every channel available on your satellite radio – including personalized online stations powered by Pandora® – and listen in your GV70 or on your computer, smartphone or tablet with the SiriusXM app.³²

COMPLIMENTARY SCHEDULED MAINTENANCE

Enjoy a worry-free Genesis ownership experience with Complimentary Scheduled Maintenance for 3 years or 36,000 miles, whichever comes first. Complimentary oil changes are also included with your normally scheduled maintenance appointments at a Genesis service center.³⁰

GENESIS CONNECTED SERVICES

Every new GV70 includes a complimentary subscription to Genesis Connected Services. It's an exclusive suite of safety, car care, guidance and remote features that help keep you connected to your digital life and the things you need on the go.²⁸

NAVIGATION AND MULTIMEDIA UPDATES

To ensure you are accessing up-to-date driving directions, your GV70 navigation system comes with annual map updates – complimentary for three years during routine maintenance visits with Genesis. Over-the-Air Updates are also available through Genesis Connected Services.³³

FOOTNOTES

¹Maximum towing capacity with trailer brakes. ²Claim for GV70 2.5T based on comparison of specifications on manufacturer websites. ³For more information, visit Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. ⁴Genesis received the fewest reported problems in its segment in the J.D. Power 2022 U.S. Vehicle Dependability Study based on 2019 models. See jdpower.com/awards for details. ⁵Claim based on comparison of specifications for Genesis GV70 2.5T, BMW X3 xDrive 3.0, Mercedes GLC 300 4MATIC, Audi Q5 Premium 4TFSI Quattro and Lexus NX 300 AWD. ⁶Horsepower and torque ratings with premium fuel. See Owner's Manual for details and limitations. ⁷The Surround View Camera System (SVCS) is a parking support system. The Surround View Monitor cannot completely eliminate blind spots, may not detect every object and does not warn of moving objects. Always check your surroundings before moving your vehicle. See Owner's Manual for details and limitations. ⁸Forward Collision-Avoidance Assist (FCA) with Pedestrian and Cyclist Detection helps detect pedestrians and cyclists, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. The system is not designed to detect certain stationary objects such as trees or poles, and may not detect all vehicles, pedestrians and cyclists under certain road, weather and vehicle conditions. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. The driver is responsible for being attentive and maintaining control of the vehicle, and should not wait for the system's alerts before braking as there may not be sufficient time to brake safely. See Owner's Manual for details and limitations. Junction Turning helps the driver avoid collisions involving turning left at an intersection by applying the opposing front brake only when an oncoming vehicle is detected in the opposing lane. There are limitations to the function, detection, range and clarity of the system. Junction Turning may not function correctly if one or more of the sensors is damaged, dirty or covered, or if weather conditions (heavy rain, snow or fog) are interfering with sensor operation. Always inspect the parking area with your own eyes. See Owner's Manual for details and limitations. ⁹The smart liftgate will open when your Proximity Key is within 40 inches of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere with the normal operation of this feature. See Owner's Manual for details and limitations. ¹⁰Near Field Communication (NFC) digital smartphone key requires a compatible Android smartphone and an appropriately equipped GV70 vehicle. Not all Android devices are compatible. The Genesis GV70 must be equipped with smart key with push button start, wireless device charging, and Audio Video Navigation System 5.0 (or newer) or Display Audio 2.0. Lock/unlock functionality works on the front doors only. Features and specifications subject to change. See your Owner's Manual for details and limitations. ¹¹Qi wireless charging function is based on smartphone compatibility and/or specific accessory cases. ¹²An active Genesis Connected Services account is required for the web search function to operate. Vehicle commands do not require a GCS subscription. ¹³Remote Smart Parking Assist can remotely park the vehicle. However, several factors can reduce the performance of this feature. The parking sensors may not function correctly if one or more of the parking sensors is damaged, dirty or covered, or if weather conditions (heavy rain, snow or fog) are interfering with sensor operation. Always inspect the parking area with your own eyes. See Owner's Manual for details and limitations. ¹⁴The smart liftgate will open when your Proximity Key is within 40 inches of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere with the normal operation of this feature. See Owner's Manual for details and limitations. ¹⁵Requires an active Genesis Connected Services Guidance package subscription. ¹⁶Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple is a registered trademark of Apple Inc. Android Auto requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Google, Android, Android Auto, Google Play and other marks are trademarks of Google Inc. ¹⁷Remote features are subject to adequate cellular coverage, signal strength and battery power, and only available in the 50 United States. You must be an active subscriber or within the initial free-trial period to receive Genesis Connected Services. ¹⁸Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Home and Google Assistant are trademarks of Google Inc. ¹⁹Agents will contact existing emergency service responders. ²⁰Genesis Connected Services require an active subscription agreement subject to the Connected Services Terms and Conditions. Complimentary subscription term starts from the new vehicle date-of-first-use and is available for new 2023 model-year vehicle purchases and leases, as well as transferable to subsequent owners subject to the Terms and Conditions. Only use Genesis Connected Services and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. For more on details and limitations, visit genesis.com or an authorized retailer of Genesis branded products. ²¹Parking Collision-Avoidance Assist – Reverse (PCA-R) can alert the driver of a potential hazard by providing an audible warning and applying light braking. PCA-R is active when the vehicle is in reverse and operating at a low speed. Never rely exclusively on PCA-R. It cannot prevent all collisions and may not provide alerts or braking in all conditions. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual for details and limitations. ²²Parking Collision-Avoidance Assist – Reverse (PCA-R) can alert the driver of a potential hazard by providing an audible warning and applying light braking. PCA-R is active when the vehicle is in reverse and operating at a low speed. Never rely exclusively on PCA-R. It cannot prevent all collisions and may not provide alerts or braking in all conditions. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual for details and limitations. ²³When the vehicle is parked and the engine has been turned off, Advanced Rear Occupant Alert (AROA) can help alert the driver if it detects movement from a child or pet. Upon exiting and locking the vehicle, the AROA may provide visual, audible, and/or Genesis Connected Services (GCS) alerts if the interior overhead sensors detect movement. AROA is not a substitute for driver attentiveness. Never leave a child or pet unattended in a vehicle. GCS notification requires a properly equipped vehicle with an active GCS account. See Owner's Manual for details and limitations. ²⁴Smart Cruise Control with Stop & Go (SCC) is not a collision-avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. The driver remains responsible to slow or stop the vehicle to avoid a collision. SCC initiates a full stop when the traffic ahead stops and reengages if the vehicle ahead moves forward within 3 seconds. See Owner's Manual for details and limitations. Auto Curve Slowdown is for highway use only and works in conjunction with SCC or HDA and only when navigation map data is available. It will not work under all circumstances. Driver remains responsible for driving at posted speeds. See Owner's Manual for details. ²⁵Blind-Spot Collision-Avoidance Assist (BCA) warns the driver of other cars in the blind spot region and can apply braking to help prevent an unsafe lane change. It senses the rear side territory of the vehicle after turn signal activation when traveling over 20 mph. There are limitations to the function, range, detection and clarity of the system. It will not detect all vehicles or objects in the blind spot. BCA may not operate if sensors are obscured in any way. Do not rely exclusively on BCA. BCA is a ²⁶EPA estimates for comparison only. Actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. ²⁷Powertrain Limited Warranty available for original retail owner only. ²⁸For further details and limitations regarding the Genesis Brand Warranty, contact your Genesis retailer or visit genesis.com.
