

## IONITY Charging Price List Genesis Charge Pass\*

Genesis offers all its electric car customers a free Ionity subscription of 5 years<sup>1</sup>. This gives you access to a highly attractive charging tariff for all IONITY fast charging stations. You will receive this tariff with your new Genesis electric vehicle for all IONITY charging stations in Europe. When you charge your Genesis vehicle at one of the more than 400 IONITY fast charging stations currently available, you will pay the preferential rates listed in this price list depending on the country of the charging station.

Genesis is partnering with Shell Recharge Solutions to provide you the EV charging services and the Genesis Charge Pass.

To receive the preferred IONITY rate, a Shell Recharge Solutions charging contract is required. After registering with Shell Recharge, simply activate the Genesis Charge Pass\* card you receive with your vehicle. To do so, use the Shell Recharge app. Shell Recharge Solutions is solely responsible for providing the charging service.

Country of Charging Station Location	Rate (incl. local VAT)
Netherlands	0,26 EUR/kWh
Belgium	0,26 EUR/kWh
Luxembourg	n/a
Germany	0,25 EUR/kWh
Austria	0,26 EUR/kWh

Greece	n/a

Prices may vary depending on the operator of the charging station. An additional transaction fee of EUR/GBP 0.35 (based on market) applies. Please check the Shell Recharge app for valid prices before you start charging.

You will receive an invoice in the local currency of the country where you have charged. The conversion of foreign charging transactions takes place after the charging process on the basis of the exchange rate of the European Central Bank on the same day except for the UK where this happens on the last day of the month.

*\*powered by Shell Recharge. Genesis Charge Pass is a product from Shell Recharge Solutions. The charging card is provided to Genesis customers free of charge. It can be registered via Shell Recharge App for using it at public charging stations.*

<sup>1</sup> *The subscription is activated with the activation of the charging card at Shell Recharge Solutions for a period of five years and is only available to the first owner of the new vehicle. The subscription is not transferable to a third party or to another vehicle. The charging tariff is subject to the General Terms and Conditions of Shell Recharge Solutions.*
