

GENESIS G80

GENESIS G80

BEAUTY THAT YOU WILL WANT TO OWN — GENESIS' NEW LUXURY SEDAN

GENESIS G80 sets the stage for a new era of luxury sedans with the most perfectly proportioned, dynamic, and elegant exterior that a sedan can have and an interior that epitomizes the beauty of voids.

With even more elaborate and exquisite details, cutting-edge specifications, and the ultimate in comfort and silence, it sets the stage for you to indulge in life's most brilliant moments.

Savile silver (gasoline 2.5 turbo/AWD/20" sputtering wheels & michelin tires/panoramic sunroof)

A PRESENCE THAT TRANSCENDS DYNAMIC ELEGANCE
AND ELEVATES THE STANDARD FOR NEW LUXURY.

PERFORMANCE

In addition to GENESIS' unique riding comfort, the G80 delivers dynamic driving. It uses diverse technologies to improve silence in the cabin and reduce vibration for a more refined driving experience.

Gasoline 2.5 turbo
300
Max. Power (HP/5,800rpm)
43.0
Max. Torque (kgf·m/1,650~4,000rpm)

Gasoline 3.5 turbo
375
Max. Power (HP/5,800rpm)
54.0
Max. Torque (kgf·m/1,300~4,500rpm)

01 Electronically controlled suspension with road preview
Information is synthesized to automatically adjust the damping force of suspension and control the vehicle's movement. Incidents that can impact the vehicle such as speed bumps are preempted and the vehicle responds proactively while reflecting the driver's tendencies to ensure a comfortable ride.

02 Rear Wheel Steering (RWS)*
Actively controls the rear-wheel steering angle coupled with front-wheel steering depending on driving conditions. In low-speed cornering, the rear wheels are steered in the opposite direction of the front wheels to reduce the steering radius. In mid-or high-speed cornering, the rear wheels are steered in the same direction as the front wheels to reduce body slip, improving turning stability and lane following.

03 Sport+ Mode*
Prevents early downshifting in sudden braking and upshifting while turning. Uses engine torque increase control (ETI) to downshift and a launch control function to maximize acceleration and deliver a powerful start. Amplifies mid-bass sounds with Active Sound Design to create dynamic driving sounds and augment the pleasure of driving.

04 Electronic Limited Slip Differential (e-LSD)*
Limits slippage of left and right wheels and optimizes the distribution of power to improve handling while turning at high speeds. Improves traction and skid prevention while driving in rain or snow.

* Applies only on the sport trim: Rear Wheel Steering (RWS), Sport+ Mode, and Electronic Limited Slip Differential (e-LSD)

Cavendish red (gasoline 3.5 turbo/AWD/Sport Trim/20" dark sputtering wheels & Michelin summer tires/panoramic sunroof)

CONVENIENCE

02

Interior convenience features have been thoughtfully upgraded to please all five senses and satisfy the lifestyle of customers who use diverse smart devices and value personalized experiences.

01 GENESIS Infotainment System

The cluster and navigation are combined through a 27" panoramic display. A next-generation infotainment system, or connected car Integrated Cockpit (cclC), seamlessly links the contents of the cluster, GPS navigation, and Head-Up Display.

02 Fingerprint authentication system (personalization)

Users can setup and select their customized user profiles, check recent destinations and access the infotainment system settings.

03 Independently controlled full auto air conditioning system

Front and rear seat temperatures, control modes, and air volume can be adjusted independently while the driver can also control all seats.

03

01

01 Rear seat smart entertainment system
14.6" large screen monitors with a wide viewing angle on the left and right sides can be operated independently for users to enjoy content according to their by user-friendly touch input or remote control.

02 Bang & Olufsen sound system (18 speakers)
High-resolution audio certification and Beosonic EQ deliver high-resolution sound and intuitive sound adjustment. The iconic aluminum grille of the Bang & Olufsen sound system blends seamlessly with the stylish interior to create a more exclusive acoustic space.

03 Heated front seat console armrest
The console armrest is fitted with a heating pad that works in conjunction with the heated seats. It can be controlled in stages to achieve the desired temperature for added comfort.

04 UV sterilization for the front seat console armrest storage box
UV-C LEDs prevent the growth and reproduction of harmful bacteria (E. coli, Staphylococcus aureus, pneumococcus) on personal belongings and keep them sterilized.
※ Based on in-house test results verified by Intertek, an international certification agency. Results may vary depending on the actual usage environment.

05 3-zone+ climate control
A touch-sensitive climate control system in the rear seats allows independent control of temperature, wind direction, and air volume to suit the needs of rear seat passengers.

06 Hands On Detection (HOD)
Electrostatic changes on the steering wheel's surface are detected to determine whether the steering wheel is being gripped. Certain warning chimes from the advanced driver assistance system can be deactivated by lightly touching the steering wheel.

INTELLIGENCE

Advanced driver assistance systems and safety features detect dangerous situations that the driver may be unaware of and help maneuver the vehicle to ensure comfort and safety at all times.

01 Forward Collision-avoidance Assist (FCA) system

Alerts the driver if the vehicle in front suddenly reduces its speed or if there is a risk of colliding with a car, two-wheeled vehicle, pedestrian, or cyclist in front. Helps to brake the car automatically if the risk of a collision continues to increase even after sounding an alarm. Helps to brake the car automatically if there is a risk of colliding with an oncoming car or two-wheeled vehicle in the opposite lane while making a left turn in an intersection or with a vehicle approaching from the left or right while crossing an intersection. Helps to brake the car automatically if there is a risk of colliding with an oncoming vehicle while driving in the lane and to steer the car automatically if there is a risk of colliding with a car or two-wheeled vehicle in the opposite lane or the front or back of an adjacent lane while making a lane change. In addition, helps to steer the car automatically if there is a risk of colliding with a car, two-wheeled vehicle, pedestrian, or cyclist on the edge of the road.

02 Lane Keeping Assist (LKA) system

Alerts the driver if the car drifts out of the lane while traveling above a given speed without a turn signal. Helps to steer the car automatically to prevent an unintended lane departure.

03 Blind Spot Collision-Avoidance Assist (BCA) system

Alerts the driver if there is a risk of colliding with a vehicle in the back of an adjacent lane while making a lane change. In addition, helps to brake the car automatically if there is a risk of colliding with a vehicle approaching from the back in an adjacent lane while steering onto the road from parallel parking.

04 Rear Cross-traffic Collision-avoidance Assist (RCCA) system

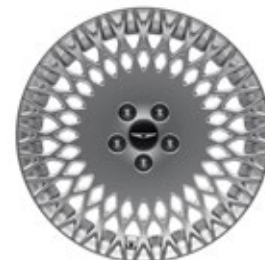

Alerts the driver if a car is approaching from the left or right while pulling out in reverse. Helps to brake the car automatically if the risk of colliding increases even after sounding an alarm.

※ Advanced driver assistance systems are only intended to assist the driver. Be attentive while driving at all times.
※ Functions may not operate smoothly due to environmental circumstances or driving/operating conditions. Please refer to the user's manual for details.
※ Specifications may vary according to the selected trim.

WHEELS & FEATURES

18" diamond cut wheel

19" hyper silver wheel (A)

19" diamond cut wheel (B)

20" sputtering wheel

20" dark sputtering wheel
*Sport model only

- 01 Touch type outside door handle
- 02 Ghost door closing

- 03 In cabin camera
- 04 Smart power trunk

- 05 Frameless room mirror
- 06 Augmented reality navigation

- 07 Advanced Rear Occupant Alert
- 08 Front seat wireless smartphone charging system

- 09 10 airbags
- 10 Rear multifunctional armrest

- 11 Rear seat manual curtain
- 12 Rear curtain

SPORT ONLY

- 13 D-cut steering wheel
- 14 Metal pedals

GENESIS ACCESSORIES

- 15 Vehicle protection film
- 16 Floating wheel caps
