

GENESIS GV70

GENESIS GV70

DEFINING STYLE, EVERY MOMENT

The new Genesis GV70 is filled with the refined sensibility of people who value individuality and style. It embodies the dynamic personality of people whose lives are filled with fulfillment and passion.

Whether work or play or time and space, every moment in Genesis GV70 is even more special with the new, sportier exterior design and innovative spatial experiences.

Uyuni white (gasoline 2.5 turbo/AWD/21" dark sputtering wheels & Michelin tires/panoramic sunroof)

GENESIS GV70 IS A LUXURY MIDSIZE SUV THAT ONCE AGAIN BALANCES STYLE, SPACE,
AND CUTTING-EDGE TECHNOLOGY BEAUTIFULLY.

Uyuni white (gasoline 2.5 turbo/AWD/21" dark sputtering wheels & Michelin tires/panoramic sunroof)

GENESIS GV70 SPORT

DEFINING DYNAMIC STYLE, EVEN WHEN STATIONARY

Genesis GV70's sophisticated image has been reinforced with more intense colors and dynamism. It brings the true meaning of "Sport" to life.

The edgy, redesigned wheels and mufflers and the unique materials applied even on the small interior and exterior details give Genesis GV70 Sport a unique and dynamic appeal that is conveyed even when stationary.

05

EXPERIENCE

The elegantly designed interior space, the soft touch of every detail, and the premium sound that envelopes your entire body render a completely new spatial experience.

01 Mood Curator

Choose between 4 modes (Vitality, Delight, Care, and Comfort) to synchronize music, scents, and interior lighting according to your mood.

02 Bang & Olufsen high-resolution sound system (16-speaker) & Dolby ATMOS

10-level surround delivers rich and refined sound effects while the BeoSonic function allows customization of sound settings. In addition, Dolby ATMOS adds depth, clarity, and detail to sounds for an audio experience that envelopes the entire body.

03 Independently controlled full auto air conditioning system & Crash pad scent diffuser

Front and rear seat air conditioning temperatures and modes can be adjusted independently while giving the driver access to every seat's control.

※ The independently controlled full auto air conditioning system is standard, while the crash pad scent diffuser is optional.

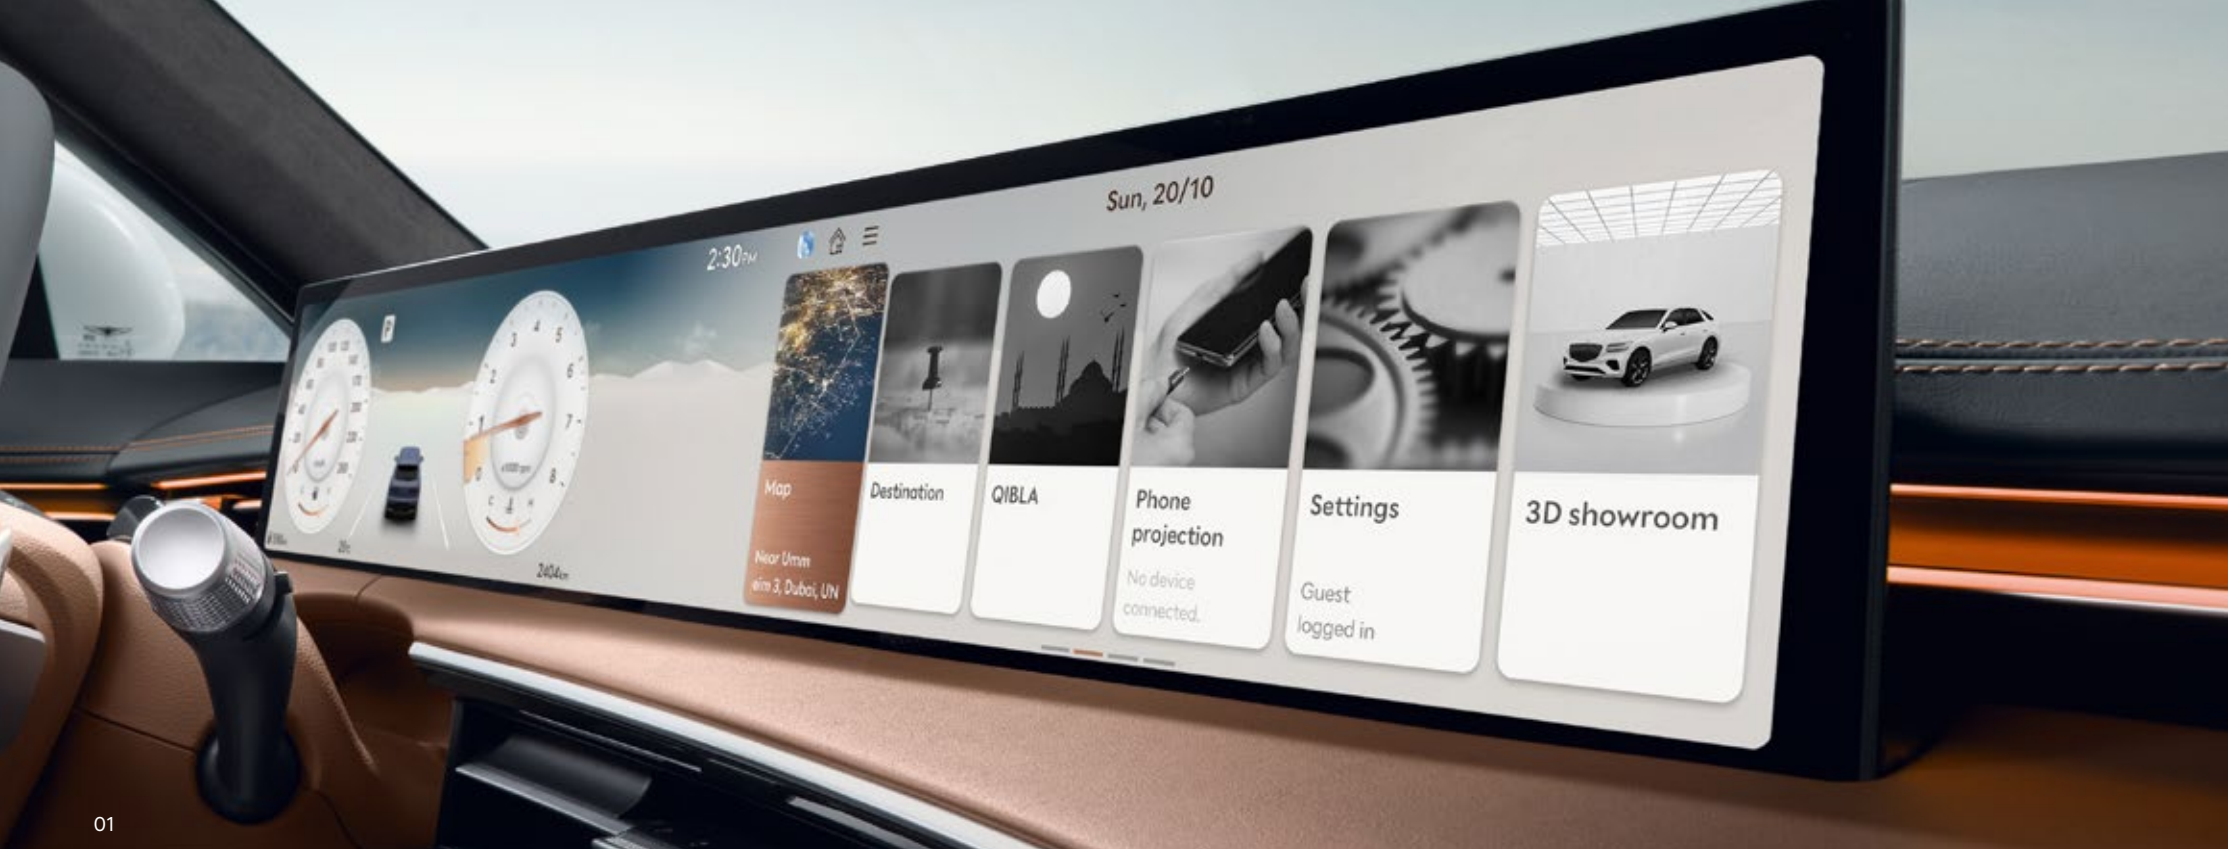

04 Front UV light-sterilized armrest box

UV-C LEDs irradiate harmful bacteria and sterilize items that can get easily contaminated.

※ Based on in-house test results verified by Intertek, an international certification agency. Results may vary depending on the actual usage environment.

05 1st-row Ergo Motion Seats

Seven air pockets built into each seat provide optimal seating comfort and support. Moreover, an upgraded second-generation smart posture control system suggests optimal seat positions to reduce driver fatigue.

04

CONVENIENCE

Enjoy the convenience of smart devices and personalized services inside the car seamlessly with high-tech amenities that are compatible with the latest technology.

01 Genesis infotainment system

A connected car Integrated Cockpit (ccIC) provides a rich UX(User Experience) and a wide range of visual information with a wide, 27" OLED display and controller that integrates the cluster, HUD, and AVNT (audio, video, navigation).

02 Indoor fingerprint authentication system (personalization)

Select personal user settings with fingerprint authentication.

03 Digital Center Mirror

The rear view image is projected on the room mirror using optical mirror view or rear view video display to improve safety while driving at night or in rainy weather.

04 Hands On Detection

Electric currents that flow when hands touch the steering wheel are detected to determine whether the steering wheel is being gripped. Driver's movements are distinguished accurately to improve the safety of advanced driver assistance systems.

PERFORMANCE

Enjoy a quiet yet dynamic drive while basking in Genesis' uniquely luxurious ride.

Gasoline 2.5 turbo

300

Max. power (HP/5,800rpm)

43.0

Max. torque (kgf-m/1,650~4,000rpm)

Gasoline 3.5 turbo

375

Max. power (HP/5,800rpm)

54.0

Max. torque (kgf-m/1,300~4,500rpm)

01 Electronically controlled suspension with road preview

Changes in the road's surface and driving conditions are anticipated using diverse sensors. Suspension is automatically adjusted to maintain riding comfort.

02 Crosswind Stability Control

Lateral movement is stabilized through automatic steering and braking to prevent lane departures while driving at high speeds in strong crosswinds.

03 Auto Terrain Mode

Artificial intelligence is used to detect changes in the road's surface in real time. Driving mode is automatically adjusted to optimize driving performance.

04 Brake Mode

Drivers can choose between Comfort and Sport mode for a differentiated braking sensation. Sport mode offers a sportier braking feel that matches Genesis GV70's driving performance.

01

INTELLIGENCE

Advanced driver assistance systems and safety features ensure a comfortable and safe drive at all times.

01 Forward Collision-avoidance Assist (FCA) system

The driver is alerted in diverse situations where there is a risk of a collision (below). Helps to brake the car automatically if the risk continues to increase.

- A vehicle, motorcycle, pedestrian, or cyclist that suddenly brakes in front of the car.
- A vehicle, motorcycle, or cyclist approaching from the opposite lane while making a left turn in an intersection.
- A vehicle or motorcycle approaching straight ahead from the opposite direction.
- A vehicle or motorcycle approaching from the opposite direction while changing lanes.

02

02 Lane Keeping Assist (LKA) system

Recognizes lanes (including road boundaries) and alerts the driver if the car drifts out of the lane while traveling above a certain speed without a turn signal. Helps to steer the car automatically into place to prevent unintended lane departures.

03

04

03 Blind-spot Collision-avoidance Assist (BCA) system

Detects vehicles in the back in adjacent lanes, flashes a warning light, and sounds an alarm to alert the driver if there is a risk of a collision while driving above a certain speed. In addition, it helps to brake the car automatically if there is a growing risk of colliding while moving forward.

04 Smart Cruise Control with Stop & Go

Helps to maintain a preset speed, a safe distance from vehicles in front, and the center of the lane (including on curved roads) while cruising on an expressway or highway.

05

05 Remote Smart Parking Assist (including parking line recognition and diagonal parking)

Helps to park or pull out the car remotely by moving the car forward or backward using the remote control on the smart key. Recognizes parking lines to assist with perpendicular, parallel, and diagonal parking.

※ ADAS is only intended to assist the driver. Be attentive while driving at all times.
 ※ Functions may not operate smoothly due to environmental, driving, and/or operational conditions.
 Please refer to the user's manual for details.
 ※ Specifications above may vary according to the trim and options that are selected

WHEELS & FEATURES
